

ADVANTAGES

- Interchangeable exhaust door with or without prefilter
- Robust fully welded construction for durable reliability and tightness
- High corrosion protection against decontamination agents
- Toolless door operation for immediate filter access
- Toolless filter change for both HEPA and prefilter
- Built-in filter scaling option

Application	Turbulent airflow in cleanrooms and other controlled environments, for wall installation.
Installation Options	Universal mounting system for wall compression mounting, optional quick clamping kit and duct adapter rectangular-to-circular.
Comment	<p>Construction: Steel, fully welded Finish: Decontamination resistant double-layer powder coat Standard color RAL 9010 (SW) or custom RAL Option: Stainless steel SS 304 (S4) or SS 316L (S6) Filters PU: MEGALAM MD(66mm)/(78mm)/MX(90mm)/MG(110mm) Control equipment: Room side accessible ports for downstream pressure, plus +/- secondary ports for remote pressure drop reading Available in open plenum version For more information about compatible filters and air diffuser front plates, see the relevant product pages</p>

For the full standard product scope, see Customer Drawing downloads on the website.
